IQAC ANNUAL REPORT

2018-19

Annual Report 2018-19

Introduction:

In the academic year 2018-19, the Internal Quality Assurance Cell (IQAC) at Kottakkal Farook Arts and Science College has seen an unprecedented surge in activities, surpassing the achievements of previous years. Established in 2012, our IQAC has become a key driver of quality enhancement within the institution. Throughout the past year, we've organized various workshops, seminars, and initiatives to improve academic and administrative standards. Our dedication to excellence has propelled us to address challenges and capitalize on growth opportunities. As we look forward, the IQAC remains committed to advancing the institution's mission, guiding Kottakkal Farook Arts and Science College toward a future of innovation, excellence, and continuous improvement.

IQAC COMPOSITION

Sl. No	Position	Name of the Member	Designation
1.	Chairman	Prof. M. Abdul Azeez	Principal
2.	Coordinator	Mohammed Safwan. N	IQAC Coordinator
3.	Member	Mohammed Labeeb. M	Vice Principal
4.	Member	Sreenath M	HOD, Department of English
5.	Member	Nandini. P.C	HOD, Department of Commerce & Management
6.	Member	Sampreeth T M	HOD, Department of Political Science
7.	Member	Mubarak. N	HOD, Department of Physics
8.	Member	Nafeesa. P.V	HOD, Department of Economics
9.	Member	Aboobacker Kutty Naha	HOD, Department of Mathematics
10.	Member	Samsheer. K	HOD, Department of Physical Education
11.	Member	Beenamol N S	Coordinator, Department of Mathematics
12.	Member	Rajeem	Librarian

Prof. M. ABDUL AZEEZ
PRINCIPAL
KOTTAKKAL FAROOK ARTS & SCIENCE COLLEGE
PARAPPUR P.O - 676 503

INTERNAL QUALITY ASSURANCE CELL

KOTTAKKAL FAROOK ARTS & SCIENCE COLLEGE
KOTTAKKAL, PARAPPUR P.O., MALAPPURAM DISTRICT, KERALA, 676503

13.	Member	Sasidharan. K	Office Superintendent
14.	Member	T. Moideen Kutty Alias Kumb	Secretary
15.	Member	P Usman Kutty	Industrialist, President FES
16.	Member	Salim	Student Representative
17.	Member	Mohammed Adil.K	Alumni Representative

VISION:

Our vision is to empower and uplift underprivileged communities through education, enabling them to become active contributors to the nation's growth.

MISSION:

Our mission is to provide exceptional educational infrastructure and an academic environment that promotes higher learning, fosters strong moral values, and encourages personal and professional growth.

We are committed to offering students diverse opportunities to realize their full potential through a range of curricular and co-curricular activities, emphasizing excellence and quality teaching with a modern outlook.

CORE VALUES:

- F** Fostering Creativity
- A** Academic Excellence
- R** Respect for Diversity
- O** Open-mindedness:
- O** Outreach and Engagement
- K** Knowledge Transfer

INFRASTRUCTURE FACILITIES:

Our college prides itself on providing exceptional infrastructure facilities that cater to the diverse needs of our students and staff, fostering a conducive environment for academic and extracurricular pursuits. Here's an overview of the infrastructure strength at our campus:

1. Academic Facilities:

Prof. M. ABDUL AZEEZ
PRINCIPAL
KOTTAKKAL FAROOK ARTS & SCIENCE COLLEGE
PARAPPUR.P.O - 676 503

- ICT-enabled classrooms equipped with modern teaching aids such as projectors, android smart TVs, and interactive panels.
- Five laboratories dedicated to various science departments.
- State-of-the-art computer labs with up-to-date software and hardware.
- A well-stocked automated library featuring the BOOK MAGIC software and access to the N-List Database.
- An institutional digital repository offering online access to academic resources.
- Customized MOODLE Learning Management System (LMS) for enhanced academic delivery.
- Inno Hub & Incubation Centre fostering innovation and entrepreneurship.

2. Sports and Recreation Facilities:

- Sports fields for football, cricket, badminton, basketball, tennis, and athletics.
- Wellness Retreat offering gymnasium, fitness, and yoga facilities.

3. Student Amenities:

- Spacious seating areas shaded by trees for student relaxation.
- Dining facilities in CAFÉ FAROOK canteen and PERK RETREAT cafeteria.
- 'STUDENT RETREAT' common area for student interaction and relaxation.
- Student restrooms, medical center, and first aid facilities.
- College emergency vehicle for hospital care.
- Girls' washrooms with sanitary pad vending machines and incinerators.
- Facilities for differently-abled students including washrooms with handles, lifts, ramps, and wheelchairs.

4. Technology Infrastructure:

- High-speed internet connectivity across the campus with multiple network connections.
- Wi-Fi facility with a high-speed connection.
- Fully equipped computer labs and e-content development center.
- Access to online learning platforms and resources.
- Standby generators and UPS systems to ensure uninterrupted power supply.

5. Administrative Facilities:

Prof. M. ABDUL AZEEZ
PRINCIPAL
KOTTAKKAL FAROOK ARTS & SCIENCE COLLEGE
PARAPPURIP.O - 676 503

- Administrative offices for staff and student services.
- LAN-enabled office cabins, reception desk, and visitor's room.
- Storage rooms with compact storage systems.
- Staff rooms, faculty offices, amenity staff rooms, and conference rooms.

6. Safety and Security Measures:

- Security personnel stationed across the campus.
- Safety protocols and training programs.
- Fire-fighting systems, fire hydrants, and multiple exit points in buildings.
- CCTV surveillance in strategic locations and PA systems for announcements.

7. Green Initiatives:

- Sustainable practices for recycling and waste management.
- Green spaces, gardens, and energy-efficient infrastructure.
- Water management practices including drip irrigation and rainwater harvesting.
- Biowaste management systems and RO drinking water plant.

8. Transportation Services:

- College buses for female students and staff.
- Separate parking lots for bikes, cars, and buses.

9. Community Engagement Spaces:

- Auditorium with advanced sound and light systems.
- Seminar rooms equipped with interactive panels.
- Audio-video-enabled rooms for academic events and cultural activities, including alumni talk series and seminars.
- Amphitheater for cultural performances and events.

These infrastructure facilities collectively contribute to an enriching and conducive environment, supporting the holistic development and academic pursuits of our college community.

FACULTY DEVELOPMENT PROGRAMME ON

"HEALTHY MINDS, HAPPY CAMPUSES: PROMOTING WELLNESS AND WORK-LIFE BALANCE FOR FACULTY AND STAFF"

REPORT

Introduction

The Internal Quality Assurance Cell (IQAC) of Kottakkal Farook Arts and Science College (KFASC) successfully organized a Faculty Development Programme (FDP) titled "Healthy Minds, Happy Campuses: Promoting Wellness and Work-Life Balance for Faculty and Staff" from June 2 to June 9, 2018. The objective was to enhance faculty and staff members' well-being and professional efficiency by equipping them with effective stress management and wellness techniques. The program saw the enthusiastic participation of 49 teaching faculty members and 16 non-teaching staff members.

Day 1: Saturday, 02-06-2018

The program commenced with an Inauguration Ceremony from 10:00 AM to 11:00 AM. The session began with a prayer, followed by a welcome speech from Mr. Muhammed Safwan, IQAC Coordinator. Prof. M. Abdul Azeez, Principal, delivered the Presidential Address, highlighting the significance of mental health and well-being in the academic environment. The FDP was formally inaugurated by Mr. Bhrammanayakam Mahadevan, a renowned personality development trainer. The event included felicitations from Mr. Muhammed Labeeb M, Vice Principal, and Mr. Mubarak N, Staff Secretary. Mrs. Nandini PC, HOD of the Department of Commerce & Management, concluded the ceremony with a vote of thanks.

The first technical session, titled "The Importance of Mental Health in Academia," was conducted by Ms. Shalu Wisal, a psychologist, from 11:15 AM to 1:00 PM. The session emphasized the crucial role mental health plays in the academic success and personal well-being of educators.

After a lunch break, the afternoon session focused on "Stress Management Techniques for Educators," led by Mr. Shafi Pulppara, a JCI trainer. The session, held from 2:00 PM to

Prof. M. ABDUL AZEEZ
PRINCIPAL
KOTTAKKAL FAROOK ARTS & SCIENCE COLLEGE
PARAPPUR P.O. - 676 503

4:00 PM, provided practical strategies for managing stress effectively in a demanding academic environment.

Day 2: Monday, 04-06-2018

The day began with a session on "Physical Fitness: Integrating Exercise into a Busy Schedule" by Mr. Muhammed Haneefa K T, a certified fitness trainer, from 10:00 AM to 12:30 PM. He demonstrated simple yet effective exercises that could be easily incorporated into daily routines.

Post-lunch, from 2:00 PM to 4:00 PM, a panel discussion on "Work-Life Balance: Challenges and Solutions" was held. The discussion addressed the common challenges faced by faculty and staff and explored practical solutions to achieve a better work-life balance.

Day 3: Tuesday, 05-06-2018

Dr. Saibunnisa, a dietitian from Modern Hospital Ponnani, led a session on "Nutrition for Optimal Performance" from 10:00 AM to 12:30 PM. The session underscored the importance of a balanced diet in maintaining energy levels and cognitive function.

The afternoon session, from 2:00 PM to 4:00 PM, was an interactive session on "Mindfulness and Meditation Practices" by Mr. Mujeeb T P, a yoga trainer. Participants engaged in practical mindfulness exercises to reduce stress and enhance mental clarity.

Day 4: Wednesday, 06-06-2018

The day started with an "Emotional Intelligence in the Workplace" session from 10:00 AM to 12:30 PM led by Mr. Kamarudheen P, Mental health consultant. The session highlighted the importance of emotional intelligence in improving workplace relationships and performance.

After lunch, Mr. Naufal K, a JCI trainer, conducted a session on "Team Building and Collaboration Exercises" from 2:00 PM to 4:00 PM. The session included various activities designed to foster teamwork and collaborative skills among participants.

Day 5: Thursday, 07-06-2018

The morning session, from 10:00 AM to 12:30 PM, focused on "Technology and Mental Health: Finding a Balance," led by Mr. Mohammed Riyas, an HR trainer. The session

J. M. ABDUL AZEEZ
PRINCIPAL
KOTTAKKAL FAROOK ARTS & SCIENCE COLLEGE
PARAPPUR(P.O.) - 676 503

addressed the impact of technology on mental health and strategies for balancing technology use.

In the afternoon, Ms. Aiswarya P, an ASAP trainer, conducted a session on "Time Management for Academics" from 2:00 PM to 4:00 PM. The session provided effective time management techniques to help faculty and staff manage their workloads more efficiently.

Day 6: Friday, 08-06-2018

Mr. Husnul Jasim, Assistant Professor at Moulana College, led a session on "Creating a Supportive Campus Culture" from 10:00 AM to 12:30 PM. The session discussed strategies to create a supportive and inclusive campus environment.

The afternoon session, from 2:00 PM to 4:00 PM, was a group discussion on "Policies and Practices for Wellness," where participants shared their insights and suggestions for promoting wellness on campus.

Day 7: Saturday, 09-06-2018

The final day featured a session on "Work-Life Integration: Practical Tips" from 10:00 AM to 11:30 AM. This session provided actionable tips for integrating work and personal life harmoniously.

The Programme concluded with a Valedictory Session and Certificate Distribution from 11:45 AM to 1:00 PM, recognizing the participation and engagement of all attendees.

Conclusion

The Faculty Development Programme 2018-19 at Kottakkal Farook Arts and Science College was a resounding success, offering valuable insights and practical strategies to enhance the well-being and professional development of faculty and staff. The diverse range of sessions, led by expert trainers and professionals, provided a comprehensive approach to promoting mental health, work-life balance, and overall wellness on campus. The positive feedback from participants underscores the programme's effectiveness and its impact on fostering a healthier, happier academic environment.

KOTTAKKAL FAROOK ARTS AND SCIENCE COLLEGE NATIONAL SERVICE SCHEME UNIT NO 213

"SHUCHITHWA MISSION" CLEAN DRIVE

INTRODUCTION

On January 2, 2019, the NSS Unit 213 of Kottakkal Farook Arts and Science College organized a cleanliness drive named "Shuchithwa Mission" at Mullaparambu, located in Parappur Panchayath. This initiative was part of the National Service Scheme's ongoing efforts to promote social responsibility and environmental sustainability among students and the local community. The "Shuchithwa Mission" was designed not only to clean up a specific area but also to create awareness about the importance of maintaining a clean and healthy environment.

OBJECTIVES

The primary objectives of the "Shuchithwa Mission" clean drive were as follows:

1. **Promote Environmental Cleanliness:** To clean up the Mullaparambu area, which had been facing issues related to littering and waste accumulation.
2. **Raise Public Awareness:** To educate the local community about the significance of cleanliness, proper waste disposal, and the benefits of a hygienic environment.
3. **Encourage Community Participation:** To involve local residents in the clean-up process and foster a sense of responsibility towards their surroundings.
4. **Demonstrate Waste Management Practices:** To showcase effective waste segregation and disposal methods to the community.

PROGRAM DETAILS

The event commenced with an inaugural ceremony in the presence of the Panchayath President, local authorities, college faculty, and over 50 NSS volunteers. During the ceremony, the Panchayath President commended the efforts of the NSS unit and emphasized the critical role of youth in societal development. The NSS program coordinator highlighted the objectives of the clean-up drive, encouraging participants to carry forward the message of cleanliness in their daily lives.

Prof. M. ABDUL AZEEZ
PRINCIPAL
KOTTAKKAL FAROOK ARTS & SCIENCE COLLEGE
PARAPPUR(P.O) - 676 503

KOTTAKKAL FAROOK ARTS AND SCIENCE COLLEGE NATIONAL SERVICE SCHEME UNIT NO 213

After the ceremony, the volunteers, equipped with gloves, masks, and cleaning tools, were divided into groups to cover different sections of Mullaparambu. The cleaning activities included collecting plastic waste, clearing debris, and cleaning roadside drains. Volunteers meticulously segregated the collected waste into biodegradable and non-biodegradable categories. Biodegradable waste was composted locally, while non-biodegradable waste was handed over to the Panchayath's waste management unit.

Throughout the drive, volunteers interacted with local residents, distributing pamphlets that contained tips on waste reduction, recycling, and proper disposal methods. The importance of individual responsibility in maintaining public cleanliness was underscored during these interactions.

OUTCOMES

The "Shuchithwa Mission" resulted in the visible transformation of the Mullaparambu area. The clean-up drive not only enhanced the physical environment but also succeeded in raising awareness among the local population. The initiative received positive feedback from the community and was widely appreciated by local authorities.

CONCLUSION

The "Shuchithwa Mission" clean drive conducted by NSS Unit 213 of Kottakkal Farook Arts and Science College was a resounding success. It achieved its objectives by promoting environmental cleanliness, raising public awareness, and encouraging community participation. This event has set a strong example for future initiatives aimed at improving public hygiene and environmental sustainability. The NSS unit plans to continue its efforts in various social and environmental causes, reinforcing the values of civic responsibility among students and the broader community.

DEPARTMENT EXTENSION ACTIVITIES

2018-19

DEPARTMENT OF ENGLISH

EXTENSION ACTIVITIES

2018-19

1. Reading Day Programmes Conducted in as Extension and Outreach Activity

The Reading Day programmes conducted by fifth-semester students of Kottakkal Farook Arts and Science College aimed to bolster reading habits and literacy skills among students at Farook English Medium Higher Secondary School from June 19 to June 22. The primary objectives included fostering a love for books, enhancing comprehension, introducing diverse literary genres, engaging students in interactive activities, and cultivating a community focused on reading and learning. Activities such as daily reading sessions featuring children's literature and contemporary stories, a book exchange program promoting sharing among students, storytelling workshops led by professionals to boost creativity, a diverse book fair, and engaging reading competitions like 'Read Aloud' and 'Comprehension Quiz' were organized. These initiatives resulted in notable outcomes: increased student interest in reading, enhanced literacy skills including reading speed and vocabulary, strengthened community bonds among students, teachers, parents, and local authors, and overwhelmingly positive feedback from participants regarding the innovative and impactful nature of the programmes.

In conclusion, the Reading Day programmes successfully achieved their objectives by emphasizing the significance of reading and effective methods to foster a reading culture among young learners. Future plans include expanding these initiatives to more schools and integrating digital reading resources to adapt to evolving educational needs. The event not only benefited school students by improving their literacy skills but also provided valuable experience in event management and community engagement for college students involved. Overall, the programmes highlighted the importance of continuous learning and the positive impact of collaborative efforts in educational outreach and extension activities

Reading Day Celebration at Farook English Medium Higher Secondary school

Outcome : The Reading Day programmes at Kottakkal Farook Arts and Science College enhanced reading habits and literacy skills at Farook English Medium Higher Secondary School. Featuring diverse activities like reading sessions, storytelling workshops, and a book fair, they fostered community and received positive feedback. These efforts underscored the importance of reading culture and community engagement in education.

2. Debate Club Conducted in School as Extension and Outreach Activity

The Debate Club, initiated by third-semester students from the Department of English at Kottakkal Farook Arts and Science College in A U P School, Parappur, commenced on August 8, 2018, as part of their extension and outreach activities. This club aimed to cultivate critical thinking, public speaking prowess, and argumentation skills among students. Serving as a platform for intellectual discourse, it encouraged students to articulate their viewpoints confidently while engaging in structured debates on diverse topics. Workshops were conducted initially to familiarize students with debate formats, rules, and effective argument strategies. Mock debates provided practical experience in a supportive setting, with participants receiving constructive feedback to enhance their skills.

The programme yielded several positive outcomes. Firstly, students exhibited enhanced critical thinking abilities, adept at analysing complex issues and constructing coherent arguments. Secondly, significant improvements were noted in public speaking skills, including clarity, articulation, and overall confidence in presenting ideas. Engaging in debates on various topics broadened students' perspectives, fostering an appreciation for diverse viewpoints and sharpening their understanding of different subjects. Moreover, consistent practice and feedback bolstered students' self-assurance, diminishing apprehensions related to public speaking and presentations.

In conclusion, the Debate Club at A U P School successfully fulfilled its objectives, making substantial contributions to the personal and academic development of its participants. The initiative not only honed debating skills but also instilled a culture of healthy debate and intellectual engagement within the school community. The overwhelmingly positive feedback from students, educators, and parents underscores the value of such initiatives in nurturing well-rounded individuals capable of critical thought and effective communication. Future plans may include expanding the Debate Club's reach to involve more students and integrate advanced debate formats to further challenge and develop participants' skills.

Debate Workshop at A U P School, conducted by Department of English

Outcome : The Debate Club at A U P School, Parappur, initiated by Kottakkal Farook Arts and Science College students in August 2018, successfully cultivated critical thinking and public speaking skills through structured debates. It fostered a culture of intellectual engagement and received enthusiastic feedback from students, educators, and parents, highlighting its significant impact on personal growth and academic development.

3. "Story Through Chain" Conducted for School Students as Extension and Outreach Activity.

The "Story Through Chain" event, organized by second-semester students from the Department of English, aimed to foster creativity, teamwork, and narrative skills among school students. Held on March 6, 2019, this innovative storytelling activity involved students collaboratively creating a cohesive narrative chain, each contributing a unique part to the evolving story. Beginning with an ice-breaker session to engage participants, the event progressed with students adding their twists and characters, culminating in a compiled story booklet and public presentations that enhanced their confidence in storytelling and group interactions. Feedback highlighted the event's success in enhancing creativity, teamwork, and narrative abilities, underscoring its positive impact on student development and community engagement.

In conclusion, the "Story Through Chain" event effectively achieved its goals of promoting creativity and collaborative storytelling among students. The enthusiastic response from participants, educators, and parents underscores its value in nurturing narrative skills and fostering a supportive learning environment. Future iterations can build on this foundation to further enrich students' creative expression and teamwork capabilities.

"Story Through Chain" event conducted by Department of English

Outcome : The "Story Through Chain" event, , effectively promoted creativity, teamwork, and narrative skills among school students. it encouraged participants to collaboratively weave a story, enhancing their creative thinking, narrative abilities, and confidence in group settings. Positive feedback from students, educators, and parents underscored the event's success in fostering a supportive learning environment and promoting interactive, imaginative learning experiences.

4. Book Drive Extension and Outreach Activity Conducted by College Students

The Book Drive Extension and Outreach Activity, led by first-semester students from Farook Arts and Science College, aimed to promote literacy and provide educational resources to underserved communities from December 11 to December 13. This initiative focused on collecting and distributing books to schools, libraries, and community centers lacking adequate educational materials. By encouraging reading habits and fostering community engagement, the activity not only enhanced literacy rates but also instilled a sense of social responsibility among participating students.

The impact was significant, with improved access to reading materials positively influencing literacy rates in targeted communities. Schools and community centers provided positive feedback on the quality and usefulness of the donated books. Moreover, the initiative facilitated student development by honing organizational, leadership, and communication skills, laying the groundwork for future book drives and ongoing support to beneficiary communities. The success of the Book Drive Extension and Outreach Activity underscores its role in promoting education and community empowerment through collaborative efforts and sustainable practices.

The Book Drive Initiative organized by Department of English

Outcome : The Book Drive Extension and Outreach Activity effectively boosted literacy rates and fostered community engagement by distributing books to underserved schools, libraries, and community centers. The initiative not only received positive feedback for its impact on literacy but also enhanced students' skills in organization, leadership, and communication, setting a foundation for future educational outreach initiatives.

5. Elocution Conducted in FEMHSS as Extension and Community Engagement Program

The elocution program conducted at Farook English Medium Higher Secondary School by fourth-semester students from Kottakkal Farook Arts and Science College aimed to enhance public speaking skills and foster community engagement. Held on January 3, 2019, the initiative included workshops on elocution techniques and a competition where students delivered speeches on various topics. Faculty and external judges evaluated participants based on content and delivery, providing constructive feedback and awards to winners. The event garnered positive feedback from school administration, teachers, and parents, highlighting its impact on students' confidence and communication abilities.

Overall, the elocution program successfully fulfilled its goals of skill development and community bonding. It strengthened ties between the college and the local community, inspiring students to articulate their thoughts effectively while fostering a culture of mentorship and learning. Future iterations could build on this foundation by expanding outreach efforts and enhancing ongoing support in public speaking education.

The Elocution programme at FEMHSS

Outcome : The elocution program at Farook English Medium Higher Secondary School, led by fourth-semester students from Kottakkal Farook Arts and Science College, successfully enhanced public speaking skills and bolstered community ties. Through workshops, a well-organized competition, and inclusive outreach efforts, the initiative not only improved students' confidence in speech delivery but also garnered positive feedback for fostering a supportive learning environment among participants and stakeholders alike.

DEPARTMENT OF ECONOMICS

EXTENSION ACTIVITIES

2018-2019

1. Community Health and Nutrition Education

The Department of Economics at Kottakkal Farook Arts and Science College undertook a community health and nutrition education initiative on August 10, 2018, led by second-year students. Recognizing the significance of addressing local health concerns, the program aimed to raise awareness and provide practical guidance on maintaining a healthy lifestyle through nutrition and exercise. Students conducted thorough research to tailor workshops and activities that addressed the community's specific health needs in Ward 1 of Kottakkal Municipality. These included interactive sessions on nutrition basics, balanced meals, and preventive health measures, complemented by practical demonstrations on healthy cooking and exercise routines. The initiative successfully increased awareness among participants, empowering them with essential knowledge to make informed health choices and fostering community engagement through collaborative learning and dialogue.

The community health and nutrition education activity organized by the Department of Economics at Kottakkal Farook Arts and Science College yielded positive outcomes for both participants and the broader community. By focusing on practical education and community engagement, the initiative not only heightened awareness about health and nutrition principles but also addressed prevalent health issues like obesity and diabetes. Participants actively participated in workshops, demonstrating a keen interest in adopting healthier lifestyles and integrating new habits into their daily routines. The program's success underscores the importance of ongoing community involvement and support in sustaining health education initiatives, laying a foundation for future endeavours aimed at promoting well-being and fostering a healthier community environment.

Empowering community members with health and nutrition education

2. Empowering Young People Through Career Guidance Class

The Department of Economics at Kottakkal Farook Arts and Science College conducted a career guidance class on October 10, 2018, in Ward 1 of Kottakkal Municipality, organized by 2nd-year students. The primary objectives were to provide comprehensive career counseling, assist students in exploring diverse career options, and equip them with essential information to make informed decisions about their future paths. Through meticulous preparation and the involvement of experts from academia and industry, the session covered topics ranging from career exploration and educational pathways to skill development and entrepreneurship opportunities. Interactive activities such as group discussions and one-on-one counseling sessions effectively engaged participants, fostering clarity in career goals and boosting confidence among young attendees. The event received positive feedback from both students and community members, highlighting its impact in promoting education and career awareness in the locality.

The career guidance class organized by the Department of Economics yielded tangible outcomes, enhancing participants' career preparedness and empowering them with valuable insights into career planning and development. Participants expressed newfound confidence and motivation to pursue their career aspirations after gaining a deeper understanding of available educational resources and career pathways. The event not only underscored the department's commitment to holistic student development but also set a precedent for future initiatives aimed at expanding community outreach and fostering a culture of informed decision-making among young people in Ward 1. This successful endeavour exemplifies the college's dedication to nurturing talent and contributing positively to the socioeconomic growth of its surrounding community through educational empowerment initiatives.

Extension activities on career guidance class

Outcome: The career guidance class organized by the Department of Economics at Kottakkal Farook Arts and Science College successfully equipped young people in Ward 1 with comprehensive career insights and resources, fostering enhanced career preparedness and confidence among participants. This initiative not only promoted education and skill development but also underscored the department's commitment to empowering youth and promoting community-wide entrepreneurship and aspirations.

3. Extension Activity Report on Consumer Rights Awareness

On December 12, 2018, students from the Department of Economics at Kottakkal Farook Arts and Science College conducted a comprehensive awareness class on consumer rights in Ward I of Kottakkal Municipality. This initiative was designed to educate local residents about their rights as consumers, emphasizing key principles such as the right to safety, information, choice, and redressal. Through structured presentations, interactive discussions, and role-playing activities, participants gained practical insights into identifying and addressing consumer issues effectively. The session also focused on promoting responsible consumption practices and encouraging community engagement in safeguarding consumer interests. Feedback from attendees highlighted a notable increase in awareness and confidence among residents regarding their consumer rights, paving the way for potential follow-up sessions and the establishment of a local consumer rights group to sustain education and support efforts.

The awareness class on consumer rights organized by the Department of Economics students not only imparted essential knowledge but also fostered empowerment and community involvement in Kottakkal Municipality. By bridging theoretical knowledge with practical application, the session equipped participants with the tools to navigate consumer challenges confidently. The event's success was evident in the positive feedback received, underscoring the impact of interactive learning methods and the relevance of the topic to everyday life. Moving forward, the department plans to build upon this foundation, considering additional initiatives to further promote consumer protection awareness and enhance community resilience against consumer rights violations.

Extension activities on consumer rights awareness

Outcome: The consumer rights awareness class conducted by the Department of Economics students at Kottakkal Farook Arts and Science College yielded significant outcomes. Participants demonstrated increased awareness and knowledge about consumer rights, leading to enhanced confidence in addressing consumer grievances. The session's success has sparked discussions on future initiatives, including follow-up sessions and the formation of a local consumer rights group, underscoring a sustained commitment to empower and support the community in consumer protection matters.

4. Empowering The Community About the Importance of Self-Employment

On January 16, 2019, the Department of Economics at Kottakkal Farook Arts and Science College organized an impactful extension activity focused on promoting self-employment among residents of Ward 1 in Kottakkal Municipality. Led by first-year BA Economics students, the initiative aimed to enlighten the community about the benefits of self-reliance and economic independence through various self-employment opportunities. Through interactive workshops, informative presentations, and engaging discussions, participants gained valuable insights into starting and managing their own businesses. The activity also included distribution of informational materials on government support schemes and successful local entrepreneurial case studies, inspiring community members to explore self-employment as a viable career option. The event fostered a strong sense of community collaboration and sparked enthusiasm among attendees to pursue entrepreneurial ventures, underscoring the initiative's success in enhancing local economic self-sufficiency.

The outcomes of the extension activity were notably positive, reflecting increased awareness and motivation among participants regarding the prospects of self-employment. Many community members expressed newfound interest and readiness to harness available resources and support systems for initiating their entrepreneurial journeys. The event not only facilitated practical learning through hands-on activities and real-life examples but also laid the groundwork for ongoing support with planned follow-up workshops and continuous guidance sessions. Moving forward, sustaining this momentum will be pivotal in ensuring lasting benefits and fostering a resilient entrepreneurial spirit within Ward 1 of Kottakkal Municipality, thereby contributing to the broader goal of community empowerment through economic self-reliance.

Empowering the community about the importance of self-employment

Outcome: The extension activity led by first-year BA Economics students at Kottakkal Farook Arts and Science College effectively raised awareness and motivated residents of Ward 1 in Kottakkal Municipality to explore self-employment opportunities. Participants demonstrated increased awareness of self-employment benefits and expressed enthusiasm for utilizing available resources, laying a foundation for sustained community engagement and economic empowerment.

5. Empowering The Community About the Importance of Self-Employment

The Department of Economics at Kottakkal Farook Arts and Science College, through its second-year BA Economics students, organized a workshop on Cyber Crimes Awareness in Ward 1 of Kottakkal Municipality on March 12, 2019. The workshop aimed to educate participants about the various types of cybercrimes prevalent today and to empower them with strategies to protect themselves online. Utilizing multimedia presentations, interactive sessions, and live demonstrations, the workshop effectively highlighted threats such as phishing and identity theft, equipping attendees with practical knowledge on identifying and mitigating cyber risks. The distribution of informational materials further supported ongoing learning and served as a valuable resource for participants to share within their community.

The outcomes of the workshop were promising, with participants demonstrating a heightened awareness of cyber threats and improved knowledge on implementing safe online practices. The active engagement observed during Q&A sessions underscored the workshop's success in fostering dialogue and sharing experiences related to cyber security. Feedback from post-workshop surveys indicated strong satisfaction with both the content and delivery of the workshop, signalling a positive reception and a desire for future educational initiatives on digital safety. Moving forward, expanding on these efforts could enhance community resilience against cybercrimes and promote a more secure online environment for residents of Ward 1 in Kottakkal Municipality.

Workshop on Cybercrimes awareness

Outcome: The workshop on Cyber Crimes Awareness organized by the second-year BA Economics students at Kottakkal Farook Arts and Science College effectively raised awareness and enhanced knowledge among participants in Ward 1 of Kottakkal Municipality. Through interactive sessions and practical demonstrations, community members gained valuable insights into cyber threats and were equipped with skills to protect themselves online, paving the way for future educational initiatives on digital safety and literacy

DEPARTMENT OF POLITICAL SCIENCE-
EXTENSION ACTIVITIES
2018-19

I. Voter Awareness Campaign for 2019 Lok Sabha Elections

The Voter Awareness Campaign held on February 13, 2019, in the 4th Ward of Kottakkal Municipality aimed to raise awareness, educate voters, and increase voter turnout for the 2019 Lok Sabha elections. Led by political science students from Farook Arts and Science College, the campaign involved initial planning, team formation, and material preparation including flyers, brochures, and posters highlighting voter registration procedures and the importance of voting. Students actively engaged with residents through public campaigns and informational sessions, resulting in heightened awareness about the elections and a significant increase in registered voters, particularly among young and underrepresented demographics. The campaign, while well-received, faced challenges in reaching the entire community and ensuring comprehension of the registration process, emphasizing the importance of early planning and diverse engagement strategies.

In conclusion, the voter awareness campaign exemplified the effectiveness of grassroots efforts in enhancing electoral engagement and fostering civic responsibility. Led by political science students, the initiative not only educated and registered new voters but also strengthened community ties between Farook Arts and Science College and local residents. This experience underscores the significance of community engagement and highlights the transformative impact of youth-driven initiatives in bolstering democratic processes and promoting active citizenship.

Voter Awareness Campaign in Kottakkal Municipality

Outcome : The Voter Awareness Campaign in Kottakkal Municipality's 4th Ward successfully raised voter awareness and increased registration for the 2019 Lok Sabha elections, particularly among youth demographics. Led by students, the initiative fostered civic responsibility and strengthened community ties, demonstrating the impact of grassroots efforts in promoting electoral engagement.

2. TRAFFIC AWARENESS CAMPAIGN

The Traffic Awareness Campaign held on January 11, 2019, in the 4th Ward of Kottakkal Municipality aimed to bolster public knowledge of traffic regulations and promote road safety. Led by political science students from Farook Arts and Science College, the initiative focused on distributing educational materials and conducting roadside workshops to engage residents. Demonstrations and role plays were employed to illustrate safe driving practices and pedestrian safety measures. As a result, there was a noticeable improvement in awareness among residents, evidenced by increased helmet and seat belt usage, fostering stronger community ties between the college, local authorities, and residents.

The concerted efforts of the political science students yielded tangible outcomes, with the campaign effectively instilling a deeper understanding of road safety principles within the community. Through collaborative initiatives and targeted educational activities, the campaign successfully fostered a culture of adherence to traffic regulations. Moreover, the engagement between Farook Arts and Science College, local authorities, and residents underscored the significance of sustained endeavours in promoting lasting changes in traffic safety behaviours.

Traffic Awareness Campaign in Kottakkal Municipality

Outcome : The Traffic Awareness Campaign in Kottakkal Municipality's 4th Ward, led by Farook Arts and Science College students, significantly increased awareness and adherence to road safety regulations, evidenced by improved helmet and seat belt usage. This initiative strengthened community bonds and highlighted the impact of educational campaigns in promoting safer traffic behaviours.

3. AWARENESS PROGRAMME NO SMOKING

The Department of Political Science at Kottakkal Farook Arts and Science College orchestrated an impactful awareness program titled "No Smoking" on November 17, 2018, in the 4th Ward of Kottakkal Municipality. The initiative aimed to elucidate the health hazards associated with smoking, advocate for smoking cessation, and promote the adoption of a smoke-free lifestyle. The event commenced with an inaugural ceremony presided over by the Panchayat President, Bushira Shefeera, emphasizing community involvement in public health endeavours, followed by a poignant address by the college's Principal underscoring the institution's commitment to social responsibility.

Central to the program was a comprehensive health talk delivered by pulmonologist Dr. Ashraf K K, elucidating the detrimental effects of smoking on health, including the risks of lung cancer, respiratory ailments, and cardiovascular diseases, as well as the impacts of second-hand smoke. The event garnered widespread participation from diverse segments of the community, fostering interactive discussions and knowledge dissemination. The pledge ceremony and cultural activities further reinforced the message, fostering a collective resolve towards fostering a smoke-free environment. This endeavour stands as a significant stride towards community education and behavioural change, underscoring the need for sustained efforts and ongoing initiatives to achieve lasting health benefits.

" No Smoking " Awareness Campaign

Outcome : The "No Smoking" awareness program led by Kottakkal Farook Arts and Science College effectively educated the community on smoking hazards and promoted a smoke-free lifestyle, fostering community-wide commitment to public health. Through expert talks and interactive sessions, the initiative aimed to instigate behavioural change and underscored the college's role in promoting societal well-being.

4. PEACE WALK AND AWARENESS PROGRAMME ON NAGASAKI DAY

Department of Political Science organized a Peace Walk and Awareness Programme on Nagasaki Day on 9th August 2018, Thursday in the 4th Ward of Kottakkal Municipality by the Department of Political Science. This event aimed to raise awareness about the devastating impacts of nuclear warfare and promote the message of peace and non-violence.

The Department of Political Science at Kottakkal Farook Arts and Science College orchestrated a meaningful Peace Walk and Awareness Programme on Nagasaki Day, observed on August 9th, 2018, in the 4th Ward of Kottakkal Municipality. With the overarching goal of highlighting the tragic consequences of nuclear warfare and advocating for peace and non-violence, the event drew participation from a diverse array of stakeholders, including faculty, students, local leaders, and residents. Comprehensive planning, including the formation of an organizing committee and securing necessary permissions, ensured the seamless execution of the event, which encompassed both the symbolic Peace Walk and an engaging Awareness Programme.

The Peace Walk, spanning a designated route within the municipality, was accompanied by poignant messages of peace through banners, placards, and participant attire. Meanwhile, the subsequent Awareness Programme, held at a designated venue, featured enlightening speeches from esteemed guests and faculty members, interactive sessions, cultural performances, and educational exhibitions. The event's success was underscored by its ability to foster heightened awareness about the historical significance of Nagasaki Day, the catastrophic implications of nuclear weapons, and the imperative of nurturing a culture of peace. Feedback from participants echoed the event's resonance and suggested avenues for future expansion and deeper community engagement, reaffirming the Department of Political Science's commitment to advancing peace and societal well-being through such endeavours.

Peace Walk and Awareness Programme on Nagasaki Day by Department of Political science

Outcome : The Peace Walk and Awareness Programme on Nagasaki Day organized by Kottakkal Farook Arts and Science College's Department of Political Science effectively raised awareness about nuclear warfare's devastating impacts and promoted a culture of peace and non-violence in the community. This event fostered meaningful dialogue and community engagement, emphasizing the importance of global peace initiatives and historical remembrance.

5. Fundamental Rights Awareness Programme on Constitution Day

The Department of Political Science at Kottakkal Farook Arts and Science College organized an Extension Activity on Fundamental Rights Awareness Programme to honor Constitution Day, held on November 26th, 2018, in Kottakkal Municipality's 4th Ward. Led by Programme Coordinator Mr. Sampreeth T M, the initiative aimed to educate participants on their constitutional rights and enhance civic awareness within the community. Meticulous planning and collaboration with faculty, student volunteers, and local stakeholders ensured the success of the event, which featured interactive workshops, expert talks, panel discussions, and an extensive awareness campaign. The programme effectively deepened participants' understanding of fundamental rights, fostering a culture of constitutional literacy and civic engagement while strengthening community bonds towards the promotion of social justice and equity. This event underscored the college's dedication to fostering informed citizenship and active participation in democratic processes, emphasizing the ongoing need for sustained efforts in promoting constitutional literacy and civic engagement for a more just and equitable society.

Fundamental Rights Awareness campaign

Outcome: The Fundamental Rights Awareness Programme on Constitution Day by Kottakkal Farook Arts and Science College enhanced civic awareness and promoted constitutional literacy in Kottakkal Municipality's 4th Ward, fostering a deeper understanding of rights and responsibilities among participants. The event underscored the college's commitment to empowering informed citizenship and promoting social justice through educational initiatives on fundamental rights.

Workshop on Science Education Outreach

The Department of Physics at Kottakkal Farook Arts and Science College organized a Workshop on Science Education Outreach on March 8th, 2019, at Farook English Medium Higher Secondary School, Ward 14, Parappur Panchayath. Aimed at fostering interest and understanding of physics among school students, the workshop engaged 30 participants from the school along with 10 college students. Through interactive demonstrations, hands-on experiments, and group activities, the workshop aimed to ignite curiosity, enhance critical thinking, and promote collaborative learning between college and school students. Feedback collected highlighted increased interest in science, improved understanding of physics concepts, and the positive impact of collaborative learning environments.

The Science Education Outreach workshop conducted by the Department of Physics at Kottakkal Farook Arts and Science College proved to be an enriching experience for participants, enhancing their engagement with physics through practical demonstrations and interactive sessions. By fostering curiosity, critical thinking, and collaboration, the workshop not only deepened students' understanding of physics but also instilled a passion for science essential for their academic and personal growth. Feedback from participants provided valuable insights for further improvement, indicating the workshop's success in creating a stimulating educational environment that encourages exploration and learning in the field of physics.

Workshop on Science Education Outreach By Department of physics

Outcome : The Workshop on Science Education Outreach by Kottakkal Farook Arts and Science College's Department of Physics enriched students' engagement and understanding of physics through interactive demonstrations and collaborative learning, fostering a passion for science among participants. Feedback highlighted increased interest and improved comprehension of physics concepts, affirming the workshop's success in promoting active learning and curiosity in science education.

1. Workshop on Renewable Energy and Sustainable Practices

The Department of Physics at Kottakkal Farook Arts and Science College organized a Workshop on Renewable Energy and Sustainable Practices on **August 5th, 2018**, in Parappur Panchayath, aiming to educate residents on renewable energy sources and promote sustainable living practices. Attended by 35 local residents and 15 college students, the workshop focused on enhancing understanding and fostering practical skills related to renewable energy adoption and energy conservation. Through a combination of educational presentations, hands-on demonstrations, interactive workshops, group discussions, and Q&A sessions, participants gained insights into renewable energy sources, learned practical skills in setting up renewable energy systems, and expressed a commitment to adopting sustainable practices in their daily lives.

The "Renewable Energy and Sustainable Practices" workshop organized by the Department of Physics at Kottakkal Farook Arts and Science College proved to be a valuable community engagement initiative, fostering awareness and practical skills related to renewable energy adoption and sustainability. By providing a platform for interactive learning and knowledge exchange, the workshop not only empowered participants with the tools to implement renewable energy solutions but also encouraged collective action towards reducing carbon footprints and promoting environmental sustainability. The event's success was underscored by positive feedback from participants, highlighting the effectiveness of the workshop in addressing community concerns and promoting sustainable living practices.

Workshop on Renewable Energy and Sustainable Practices

Outcome : The Workshop on Renewable Energy and Sustainable Practices by Kottakkal Farook Arts and Science College's Department of Physics successfully raised awareness and equipped participants with practical skills for adopting renewable energy solutions and promoting sustainable living. Positive feedback emphasized enhanced community engagement and a commitment to reducing carbon footprints, illustrating the workshop's impact in fostering environmental consciousness and action.

2. Light and Optics Community Outreach Program

The PG Department of Physics at Kottakkal Farook Arts and Science College organized a Light and Optics Community Outreach Program on June 25, 2018, in Ward 14 of Parappur Panchayath. With the participation of 35 physics students and 20 local residents, the event aimed to educate the community about fundamental principles in light and optics through hands-on experiments and demonstrations. Through detailed planning and interactive sessions, the program successfully achieved its objectives of explaining concepts such as reflection, refraction, dispersion, and total internal reflection, while also sparking interest in physics among participants. The hands-on approach and interactive nature of the activities received positive feedback from residents, resulting in an enhanced understanding of complex physics concepts and real-world applications.

The Light and Optics Community Outreach Program, organized by the PG Department of Physics at Kottakkal Farook Arts and Science College, proved to be a rewarding experience for both students and community members alike. By providing a platform for practical application of theoretical knowledge, the event effectively bridged the gap between academia and society, fostering a deeper understanding of light and optics among participants. Residents appreciated the opportunity to engage in interactive learning and had their doubts clarified, particularly regarding the practical applications of optical instruments and the concept of total internal reflection. Overall, the program demonstrated the significance of community outreach in promoting scientific literacy and encouraging interest in physics among the wider population.

LED Workshop by Department of Physics

Outcome : The Light and Optics Community Outreach Program by Kottakkal Farook Arts and Science College's PG Department of Physics successfully educated residents on light and optics principles through hands-on experiments, fostering a deeper understanding and appreciation for physics concepts in the community. Positive feedback highlighted enhanced scientific literacy and interest in practical applications, emphasizing the program's impact in bridging academic knowledge with everyday experiences.

3. Solar Energy Awareness and Demonstration Program

The Solar Energy Awareness and Demonstration Program, organized by the First-year BSc Physics students of the PG Department of Physics at Kottakkal Farook Arts and Science College on January 11, 2019, at the Community Hall in Ward 10 of Parappur Panchayath, aimed to enlighten the community about solar energy's significance and practical applications. With enthusiastic participation from 30 physics students and 25 residents, the event successfully achieved its objectives through various activities, including educational sessions, hands-on demonstrations, interactive workshops, and Q&A sessions. Participants gained a deeper understanding of solar energy's benefits, the functioning of solar panels, and practical aspects like assembling solar circuits, leading to increased awareness and interest in renewable energy solutions for sustainable living.

The Solar Energy Awareness and Demonstration Program, spearheaded by the PG Department of Physics, Kottakkal Farook Arts and Science College, emerged as a commendable effort in educating the community about the potential of solar energy. Through engaging demonstrations and interactive workshops, participants not only learned about solar energy's importance but also gained practical insights into its functioning and applications in daily life. The event's success was evident in the positive engagement from residents and their eagerness to explore further aspects such as initial costs, maintenance requirements, and efficiency of solar panels, indicating a growing interest and readiness to embrace renewable energy solutions for a sustainable future.

Solar Energy Awareness and Demonstration campaign

Outcome: The Solar Energy Awareness and Demonstration Program by Kottakkal Farook Arts and Science College's PG Department of Physics effectively educated participants on the benefits and practical applications of solar energy, fostering community interest and readiness to adopt renewable energy solutions. Positive engagement and feedback highlighted increased awareness and a desire to explore further aspects of solar technology for sustainable living.

4. Understanding Magnetism: Community Outreach Program

The "Understanding Magnetism" Community Outreach Program, organized by the First-Year students of the PG Department of Physics at Kottakkal Farook Arts and Science College on **September 10, 2018**, at the Local Community Centre in Ward 14 of Parappur Panchayath, aimed to elucidate the fundamental principles of magnetism and its practical applications. With active participation from 30 physics students and 35 local students, the event effectively introduced basic concepts of magnetism, demonstrated properties and behaviours of magnets, and explained the principles behind electromagnets through hands-on activities and interactive sessions. Participants gained a deeper understanding of magnetism and its applications, fostering increased engagement and interest in physics among community members.

The "Understanding Magnetism" outreach program, led by the First Year BSc Physics students of the PG Department of Physics, Kottakkal Farook Arts and Science College, emerged as a successful endeavor in educating the community about magnetism's principles and practicalities. Through engaging demonstrations, workshops, and interactive sessions, participants not only learned about the basics of magnetism but also explored its applications in various contexts. The event's success was evident in the increased awareness and understanding of magnetism among attendees, coupled with their appreciation for the practical demonstrations and workshops, which facilitated a deeper comprehension of magnetic phenomena. Residents' inquiries about practical applications of electromagnets, differences between permanent magnets and electromagnets, and safety concerns highlighted their eagerness to delve further into the subject, indicating a positive impact on community engagement and interest in physics.

Community Outreach Program - "Understanding Magnetism"

Outcome : "Understanding Magnetism" Community Outreach Program by Kottakkal Farook Arts and Science College's PG Department of Physics successfully educated participants on magnetism's principles and applications through interactive sessions and practical demonstrations, fostering community interest and engagement in physics. Positive feedback highlighted enhanced understanding and curiosity about magnetic phenomena, indicating the program's impact in promoting scientific literacy and enthusiasm for learning.

DEPARTMENT OF MATHEMATICS

EXTENSION ACTIVITIES 2018-2019

I. Survey And Data Analysis For High School Students Of IUHSS Parappur

On June 12, 2018, IUHSS Parappur high school students conducted a survey to explore the real-life applications of mathematics. The survey focused on areas such as personal finance, time management, measurement, and problem-solving. Key findings revealed that participants frequently use mathematics for budgeting, planning, and interpreting data, with tools like calculators being essential. Data analysis highlighted the practical relevance of mathematical concepts beyond the classroom, enhancing students' appreciation of math's role in daily life. The project underscored the importance of mathematical literacy and demonstrated how understanding these concepts can contribute to personal and professional success.

Outcome:

The survey conducted on June 12, 2018, at IUHSS Parappur successfully highlighted the practical applications of mathematics in daily life. Analysis of the collected data revealed that mathematics is frequently used in personal finance, time management, and problem-solving. Participants reported regular use of mathematical concepts for budgeting, scheduling, and interpreting data. Technologies such as calculators were commonly utilized for these tasks. The survey emphasized the significance of mathematical literacy beyond academic settings, showing that understanding and applying mathematical principles is crucial for effective decision-making and problem-solving in everyday activities. The findings also underscored the value of integrating real-world applications into mathematics education.

2. Mathematical Quiz For High Scholl Students Of IUHSS Parappur

On August 22, 2018, IUHSS Parappur hosted a math quiz designed to enhance students' mathematical skills and foster enthusiasm for the subject. The quiz, covering topics like algebra, geometry, and calculus, featured team-based formats and diverse question types. Successful planning and execution, including clear question development and effective promotion, ensured high participation and engagement. The event boosted participants' problem-solving abilities, promoted math literacy, and encouraged teamwork. Recognizing top performers with certificates and prizes highlighted academic achievements. Overall, the quiz effectively reinforced key mathematical concepts, strengthened school community ties, and inspired a positive attitude towards mathematics.

Outcome:

The math quiz held at IUHSS Parappur on August 22, 2018, successfully engaged students and achieved its objectives. The diverse range of topics, including algebra and calculus, challenged participants and fostered a competitive yet supportive environment. The quiz enhanced students' mathematical reasoning and problem-solving skills, and promoted teamwork and collaboration. Positive feedback highlighted an increased enthusiasm for mathematics and a better understanding of its practical applications. The event also strengthened school community bonds by involving teachers, parents, and students. Overall, the quiz effectively reinforced academic concepts, celebrated student achievements, and cultivated a culture of academic excellence.

3. Tutoring On Geometry And Algebra For High School Students

This report summarizes a tutoring initiative for high school students at IUHSS Parappur, focusing on geometry and algebra. Held on December 6th and 7th, 2018, the program aimed to enhance students' mathematical understanding and problem-solving skills. Key elements included assessing student needs, aligning sessions with the curriculum, and using diverse resources. The program provided personalized instruction, fostered an interactive learning environment, and emphasized real-world applications. Benefits included improved academic performance, critical thinking development, and better preparation for advanced studies. Overall, the tutoring sessions contributed to both academic success and personal growth in mathematics.

Outcome

The tutoring sessions in geometry and algebra for IUHSS Parappur students, conducted on December 6th and 7th, 2018, achieved notable results:

1. **Enhanced Understanding:** Students demonstrated a significant improvement in their grasp of key mathematical concepts, including geometric properties, algebraic equations, and functions.
2. **Increased Confidence:** Participants showed greater confidence in solving mathematical problems and applying concepts, as evidenced by their active participation and positive feedback.
3. **Academic Performance:** There was a noticeable improvement in students' grades and test scores in mathematics, reflecting the effectiveness of personalized tutoring.
4. **Skill Development:** Students developed better problem-solving abilities and critical thinking skills, preparing them for advanced mathematical studies and standardized tests.
5. **Positive Attitude:** The supportive and interactive learning environment fostered a more positive attitude towards mathematics, encouraging ongoing interest and engagement in the subject.

Overall, the tutoring initiative successfully met its objectives, enhancing students' academic skills and confidence while laying a solid foundation for future mathematical learning.

4. Mentoring Backward Students Of IUHSS Parappur

On January 8, 2019, a mentoring program was conducted for struggling mathematics students at IUHSS Parappur. The program aimed to enhance mathematical skills, boost confidence, and foster a positive attitude towards learning. It featured morning sessions on basic concepts, afternoon problem-solving strategies, and utilized visual aids, interactive activities, and individualized support. Outcomes included improved mathematical skills, increased student confidence, and positive feedback from all stakeholders. Challenges such as cultural differences and identifying individual needs were addressed, highlighting the importance of relationship building and patience. Future recommendations include expanding the program and incorporating new teaching strategies to further support student development.

Outcome

The mentoring program held on January 8, 2019, effectively supported struggling mathematics students at IUHSS Parappur. Key outcomes included:

1. **Improved Skills:** Students showed enhanced understanding and improved skills in mathematics, addressing their specific difficulties.
2. **Increased Confidence:** There was a notable boost in student confidence and motivation, as evidenced by their increased engagement and willingness to tackle math problems.
3. **Positive Feedback:** The program received favorable feedback from students, parents, and teachers, highlighting its effectiveness and the value of the individualized support provided.
4. **Challenges Overcome:** Specific challenges faced by students were successfully addressed, demonstrating the program's impact on overcoming individual academic barriers.

Overall, the mentoring program significantly contributed to the academic growth and confidence of students, with valuable lessons learned about cultural differences and personalized teaching approaches.

5. Numeracy Workshop To Improve Numeracy Skills Among Different Aged Groups In The Ward 13 Of Parappur Panchayath

The numeracy workshop held on March 3rd, 10th, and 17th, 2019, in Ward 13 of Parappur Panchayath effectively enhanced basic numeracy skills across diverse age groups. Conducted by B.Sc. Mathematics students from Kottakkal Farook Arts and Science College, the program significantly improved participants' skills, with average scores rising from 48% to 79%. The workshop fostered confidence, practical knowledge, and a positive attitude towards numeracy, with high engagement and positive feedback. Challenges included resource constraints and scheduling conflicts. Recommendations include expanding reach, enhancing resources, and establishing follow-up programs to further support community development and lifelong learning.

Outcome

The numeracy workshop held on March 3rd, 10th, and 17th, 2019, in Ward 13 of Parappur Panchayath yielded significant results:

1. **Skill Improvement:** Participants across all age groups demonstrated marked improvement in numeracy skills, with average scores rising from 48% pre-workshop to 79% post-workshop. This indicates enhanced proficiency in handling everyday mathematical tasks.
2. **Increased Confidence:** There was a notable boost in participants' confidence in applying mathematical skills, as evidenced by their positive feedback and increased enthusiasm for numeracy-related activities.
3. **Community Impact:** The workshop increased awareness of numeracy's importance, improved financial and everyday task management, and strengthened community connections through group learning.
4. **Challenges Addressed:** Resource constraints and scheduling conflicts were managed, though additional resources and flexible timing could further improve the program.

The workshop successfully achieved its goals, demonstrating potential for broader impact and future enhancements in community education.

1. Women Empowerment Initiatives with Special Reference to Cherukulamb, Kuruva Panchayat

The study titled "Women Empowerment Initiatives with Special Reference to Cherukulamb, Kuruva Panchayat" examines the transformative journey of women empowerment, focusing on dismantling gender-based barriers and promoting equal opportunities. It highlights the importance of providing women with access to education, healthcare, and economic opportunities, enabling them to make informed choices and participate fully in various spheres of life. The study delves into the specific initiatives within the Kuruva Panchayat, particularly a Kudumbashri unit in Cherukulamb, assessing their impact against the socioeconomic backdrop of the area. The objectives include analysing the awareness levels about women empowerment, identifying specific programs for women, examining barriers to progress, and evaluating factors affecting development and satisfaction. Through surveys, interviews, and data analysis, the study explores the nuances of the Kudumbashri unit's involvement, highlighting success stories and challenges. The impact assessment focuses on economic, social, and educational dimensions to provide a comprehensive understanding of the initiatives' effectiveness. Strengthening Voices: Women Empowerment Initiative Inspires and Unites.

Outcome : The study on women empowerment initiatives in Cherukulamb, Kuruva Panchayat showcases significant strides in dismantling gender barriers and enhancing women's access to education, healthcare, and economic opportunities. Through detailed analysis, it underscores successes and challenges within the Kudumbashri unit, providing insights into its impact on socioeconomic development and women's empowerment in the region.

2.. ENTREPRENEURSHIP AND INNOVATION WORKSHOP FOR PLUS TWO COMMERCE STUDENTS., Reference to IUHSS Parappur

On September 3, 2018, the Department of Commerce at Farook Arts and Science College, in collaboration with IUHSS Parappur, organized an Entrepreneurship and Innovation Workshop for Plus Two Commerce students. The workshop aimed to empower students with essential entrepreneurial skills and foster innovative thinking through interactive sessions and practical exercises. Activities included an introduction to entrepreneurship, exploration of business ideas, innovation techniques, guest speaker sessions, interactive workshops, and networking opportunities. Renowned entrepreneurs shared their success stories, and students engaged in hands-on activities such as business model creation and prototype building. The workshop successfully increased awareness and understanding of entrepreneurship, enhanced creativity and problem-solving skills, and encouraged students to pursue entrepreneurial ventures. Positive feedback from participants highlighted the engaging nature of the event, which established a platform for ongoing mentorship and support. This initiative significantly contributed to the holistic development of students, equipping them to navigate the dynamic business landscape.

Outcome : The Entrepreneurship and Innovation Workshop at Farook Arts and Science College empowered Plus Two Commerce students with essential entrepreneurial skills and fostered innovative thinking through engaging sessions and practical activities. Participants gained heightened awareness of entrepreneurship, enhanced creativity, and readiness to pursue entrepreneurial ventures, marking the workshop's success in preparing students for dynamic business environments.

3. EXTENSION ACTIVITY FOCUSING ON ENTREPRENEURSHIP AND INNOVATION WAS CONDUCTED AT THOKKAMPARA

During the 2018-19 academic year, an extension activity focusing on entrepreneurship and innovation was conducted at Thokkampara, Kudumbasree in Ward 30 of Kottakkal Municipality. Fifteen BBA students participated in the program, which aimed to equip Kudumbasree members with the knowledge and skills to develop entrepreneurial ventures. The objectives included educating participants on entrepreneurship principles, gathering data on the community's entrepreneurial activity, inspiring new business ventures, and providing practical guidance on overcoming entrepreneurial challenges. The comprehensive class covered the significance of entrepreneurship, types of entrepreneurs, the importance of innovation, and steps to start a business, including idea generation and market research. The session also highlighted the role of entrepreneurship and innovation in economic development, job creation, and community empowerment. The activity successfully engaged Kudumbasree members and provided valuable insights into the community's entrepreneurial landscape, emphasizing the need for continued support and education. Recommendations for follow-up include advanced training workshops, mentorship programs, access to financial resources, and ongoing community engagement to foster sustained growth and prosperity.

Outcome : The entrepreneurship and innovation program at Thokkampara, Daliya Kudumbasree empowered BBA students and community members to explore entrepreneurial ventures, fostering economic development and community empowerment through practical education and engagement. Participants gained essential skills in business development, highlighting the program's success in inspiring new ventures and addressing local entrepreneurial challenges.

4. Educating E-Banking Facilities Among Shop Owners in Tirunavaya Panchayath.

On 10th January 2019, a comprehensive extension activity was conducted involving 4th-semester commerce students to evaluate the usage of e-banking facilities among shop owners in Tirunavaya Panchayat. The primary objective was to assess the level of awareness, extent of adoption, and challenges faced by local businesses in utilizing e-banking services. Additionally, the activity aimed to educate shop owners on security-related matters to enhance the safe use of these services. The study focused on ten randomly selected shops within Tirunavaya Panchayat, employing structured interviews and questionnaires for data collection. The parameters assessed included awareness levels, frequency of e-banking usage, types of services employed, perceived benefits, and the challenges encountered by shop owners. Findings revealed that while a majority of shop owners were aware of e-banking facilities, their adoption in daily transactions was relatively low. The primary barriers identified were a lack of trust in the security of online transactions and inadequate knowledge of the various e-banking services available. The study also uncovered a need for further education on the benefits and security measures of e-banking to improve its usage.

Based on these findings, students provided targeted suggestions to shop owners, emphasizing the importance of secure practices and the potential advantages of e-banking in streamlining business operations. This activity not only benefited the shop owners but also enriched the students' understanding of real-world business challenges in the digital age.

Outcome: The extension activity resulted in increased awareness and understanding of e-banking services among shop owners in Tirunavaya Panchayat, leading to improved adoption and safer usage practices.

5. Importance of higher education, special reference to Guide college Tirur

On 5th March 2019, a significant extension activity was conducted at Kottakkal Farook Arts and Science College, in collaboration with Guide College Tirur. The event, aimed at emphasizing the importance of higher education, involved the participation of 50 students from Guide College Tirur and 10 BCom students from the host institution. This initiative was designed to provide practical insights into the various advantages of pursuing higher education, with a particular focus on fostering academic and social skills. The extension activity served as an interactive platform where students from diverse academic backgrounds could engage in meaningful discussions and knowledge sharing. The BCom students from Kottakkal Farook Arts and Science College played a crucial role as mentors, offering their experiences and guidance to their peers from Guide College Tirur. This mentorship component not only enriched the learning experience for the visiting students but also allowed the BCom students to develop their leadership and communication skills.

The event highlighted the numerous benefits of higher education, such as enhanced critical thinking, better career opportunities, and personal growth. Students were encouraged to view higher education as a vital tool for achieving their goals and contributing to society. Through practical demonstrations and discussions, the importance of bridging the gap between theoretical knowledge and real-world application was emphasized. Moreover, the activity fostered a sense of community and collaboration among students from both institutions. By working together towards common goals, they developed teamwork, problem-solving, and networking skills that are essential for their future careers. The interaction with faculty members, industry experts, and peers also provided valuable networking opportunities, further reinforcing the significance of higher education in their lives.

This extension activity successfully conveyed the importance of higher education, inspiring students to pursue academic excellence and prepare for their future careers.

Outcome : The extension activity successfully inspired students from Guide College Tirur to recognize the importance of higher education, while also enhancing their academic, social, and networking skills through interactive learning and mentorship.

Department of Physics
Departmental Activities (2018-2019)

1.Seminar on “Application of Classical Physics in Everyday Life”

The Department of Physics organized a seminar on “Application of Classical Physics in Everyday Life” on August 7, 2018, led by Basim MB from PSMO College, Thirurangadi. The seminar aimed to bridge the gap between theoretical physics and its practical applications in daily life. Basim MB’s presentation covered mechanics, thermodynamics, waves, electricity, magnetism, and fluid dynamics, illustrating their relevance through real-world examples. The event included an interactive Q&A session and was well-received by students, providing valuable insights into the practical use of classical physics principles.

Department of Mathematics
Departmental Activities (2018-2019)

1.Mathmerize

The Department of Mathematics organized an Association inauguration "Mathmerize "on 11 January, 2019 to establish the Mathematics Department Association and discuss career opportunities. The event included speeches by Asst. Prof. Beenamol NS, Former HOD Prof. Abdul Rahman, and felicitation by Asst. Prof. Shilath and Vice Principal Mohammed Labeeb. Guest Muhammed Shafi from PSMO College presented a keynote on "Graph Theory," followed by student interactions.

2.Discrete Mathematics

The Department of Mathematics organized a seminar on "Discrete Mathematics " on 6 February 2019, to acquire knowledge beyond the syllabus, familiarize students with prominent intellectuals, and present new mathematical ideas. The seminar, led by guest Sajitha KM from PTM Govt College Perinthelmann, focused on "Discrete Mathematics" and was well-received by the students. The program concluded with positive feedback and memento presentation.

3. Quiz Competition

The Department of Mathematics organized a Maths quiz on March 4, 2019, as part of Pi Day to enhance students' interest and proficiency in mathematics. The quiz, conducted through online by Quiz Master Suhail KP, aimed to assess mathematical knowledge, promote active learning, and identify areas for improvement. It featured 40 multiple-choice questions across various mathematical domains.

A handwritten signature in green ink, appearing to read 'Azeez'.

Department of Commerce
Departmental Activities (2018-2019)

1.Seminar on “ Keys to Successful Entrepreneurship”

The PG Department of Commerce and Management Studies, in association with the ED Club, organized a seminar titled “Keys to Successful Entrepreneurship” on November 15, 2018. The event aimed to equip students with essential entrepreneurial skills and practical strategies. K P Musthafa, Managing Director of Silvan Ceramics, delivered an engaging presentation on attributes of successful entrepreneurs, market research, and overcoming challenges. The seminar, which included an interactive Q&A session, was well-received and inspired students to pursue their business ideas.

2.Seminar on “Mastering Research Methodology: Tools and Techniques”

The PG Department of Commerce and Management Studies organized a seminar on “Mastering Research Methodology: Tools and Techniques” on December 5, 2018. The event aimed to provide insights into research methodology, including ethical considerations and data analysis techniques. Dr. Mustafa from PSMO College led the sessions on research ethics and quantitative/qualitative analysis. The seminar equipped participants with practical skills for effective research and was well-received, enhancing their capability to conduct rigorous and impactful studies.

3. International Peace Day Commemoration

The Department of Political Science organized an International Peace Day commemoration on September 21, 2018. The event aimed to promote peace, unity, and understanding through speeches, panel discussions, student presentations, cultural performances, and an art exhibition. It successfully fostered a deep understanding of peace-building, inspiring students to become ambassadors of peace.

4. Gandhi Darshan

The Department of Political Science organized "Gandhi Darshan" on January 30, 2019, to commemorate Mahatma Gandhi's 70th death anniversary. The event was inaugurated by Prof. Abdul Azeez, focused on Gandhi's principles of truth, non-violence, and social justice. Key speakers discussed Gandhi's impact on conflict resolution, self-rule, rural development, and social justice. The program included interactive sessions, a documentary, an exhibition, and cultural performances. The event successfully deepened participants' understanding of Gandhi's legacy and inspired them to uphold his values.
